THE
JOHN CRERAR
LIBRARY

# REPUBLIC
# LIFE INSURAN'E
## COMPANY.

Chartered by Special Act of Legislature.

CAPITAL STOCK, - $5,000,000.00.

*Twenty Per Cent. Paid Up.*

## A Strong Stock Company,

Which combines strength of Capital, Character, and local Influence, and provides Life Insurance at the lowest safe rates, without delusive promises of dividends, or rather makes the dividend certain by decreasing the premium.

## A Home Comp'y Everywhere

By its organizations it enables a man to deal with his own neighbors, Stockholders in the Company, men whom he knows will do justice to his family after he is dead, and also provides that his funds will be invested to develop the resources of his own locality. A Company with Capital enough and breadth enough to be safe beyond question, with national extent and prestige. An easy Company for Agents to work and retain the confidence of their neighbors. The simplest plans and the plainest policy contracts of any Company in the world.

☞ Address the Central Office, Company's Building, 157 and 159, LaSalle-st., Chicago, Ill.

OFFICERS:

**JOHN V. FARWELL, President.**

A. W. KELLOGG, 1st Vice Prest. | J. F. CRANK, Ass't Sec'y.
L. D. CORTRIGHT, 2d " | W. F. COOLBAUGH, Treas.
JOHN F. COLLINS, Secretary. | Prof. C. F. McCAY, Actuary.

## Requisites for Admission.

I. Candidates for admission to the Freshman Class, Classical Course, are examined in the following studies:

1. English Grammar and Analysis, Elementary Rhetoric, Geography, Descriptive and Physical, History of the United States, and Elementary Physiology.

2. Arithmetic, and Algebra as far as Quadratics.

3. Harkness' First Book in Latin, Harkness' Latin Grammar, including Prosody; Harkness' Latin Reader; Cæsar's Commentaries; six Books in Virgil; Sallust's Catiline, and Cicero's Orations against Catiline.

4. Hadley's Greek Grammar and Greek Reader, or four books in the Anabasis.

II. Candidates for admission to the Freshman Class, Scientific Course, are examined in Latin Grammar and Reader, Cæsar's Commentaries, and at least one Book of Virgil. They will also be examined in all of the above English studies, except Elementary Rhetoric.

Candidates for advanced standing are examined in the Preparatory studies, and in all those which have been pursued by the Class which they wish to enter, or such as may be deemed equivalent. A thorough grammatical and elementary preparation is especially required.

The regular examination for admission to the College will be on Tuesday, at 8 o'clock A. M., one day preceeding the Commencement of the Fall Term, and on the first day of subsequent Terms.

Testimonials of good moral character are required, and in case the student is from another College, a note of regular dismission.

# COURSE OF STUDY.

## CLASSICAL.

### FRESHMAN CLASS.

FIRST TERM.

Ovid,.....Andrews.
Latin Prose Composition .....Arnold.
Roman History.....Liddell.
Xenophon's Anabasis.....Owen.
Algebra.....Loomis.

SECOND TERM.

Livy .....Lincoln.
Latin Prose Composition.....Arnold.
Roman History.....Liddell
Xenophon's Memorabilia.....Robinson.
Geometry begun. .....Loomis.

THIRD TERM.

Livy .....Lincoln.
Latin Prose Composition.....Arnold.
Herodotus.....Johnson.
Roman History.....Liddell.
Geometry finished.....Loomis.
Weekly exercises in Composition and Declamation.

### SOPHOMORE CLASS.

FIRST TERM.

Homer's Iliad .....Owen.
Greek Prosody.....
History of Greece.....Smith.
Plane and Spherical Trigonometry, with Applications.....Loomis.
French begun, or } .....Otto.
Cicero de Officiis, } .....Thatcher.

SECOND TERM.

Homer's Iliad.....Owen.
Greek Prose Composition .....Arnold.
French, Echo de Paris, } .....Worman.
or Cicero de Oratore, } .....
Analytical Geometry.....Loomis.

THIRD TERM.

Calculus, or } .....
French Reader, } .....Knapp.
History—Modern.....Lectures.
Horace.....Lincoln.
Latin Prosody .....Harkness.

### JUNIOR CLASS.

FIRST TERM.

Physics (Mechanics).....Snell's Olmsted
German begun, or } .....Worman.
Tacitus and Hercules Furens } .....
Greek Tragedies .....Woolsey.
Greek Prose Composition .....Arnold.
History of Greece .....Smith.

SECOND TERM.

Physics (Hydrostatics to Statical Electricity)..... .....Snell's Olmsted.
Intellectual Philosophy ..... .....Wayland.
German Grammar and Reader, } .....Worman.
or Æschines de Corona, } .....Champlin.

THIRD TERM.

Physics (Dynamical Electricity, Heat and Optics).....Snell's Olmsted.
Elements of Criticism.....Kames.
Literature .....Schlegel.
German Literature..... .....Worman.
Declamations and Compositions weekly throughout the year.

## SENIOR YEAR.

FIRST TERM.

Chemistry .....Barker.
Astronomy..... .....
Logic.....Atwater.

SECOND TERM.

Zoology and Comparative Physiology.....Agassiz.
Mineralogy.....Dana.
Political Economy..... .....
Evidences of Christianity..... Hopkins.

THIRD TERM.

Moral Science... .....Wayland.
Geology.....Dana.
Demosthenes de Corona... .....Champlin.

---

## BOOKS OF REFERENCE IN THE DEPARTMENT OF CLASSICS.

Zumpt's Latin Grammar, Kuhner's large Greek Grammar, Andrews' Latin Lexicon, Liddell and Scott's Greek Lexicon, Anthon's or Smith's Classical Dictionary, Manual of Classical Literature, Crusius' Homeric Lexicon, Sophocles' Greek Verbs, Munk's Greek and Roman Metera, Long's or Findlay's Classical Atlas, Anthon's Manuals of Grecian and Roman Antiquities, Dwight's Grecian and Roman Mythology, Ramshorn's or Doderlein's Latin Synonyms, Histories of Greece and Rome.

---

## SCIENTIFIC.

## FRESHMAN CLASS.

FIRST TERM.

Virgil.....Chase or Frieze.
Algebra.....Loomis.
Elementary Rhetoric.....Hart.

SECOND TERM.

Sallust.....Hanson.
Geometry begun. .....Loomis.
Natural Philosophy..... .....Rolf & Gillett.

THIRD TERM.

Geometry finished.....Loomis.
Earth and Man.....Guyot.
Cicero's Orations.....Hanson.

Weekly exercises the same as in the Classical Course.

## SOPHOMORE CLASS.

FIRST TERM.

Plane and Spherical Trigonometry, with Applications.....Loomis.
Natural History,.....Tenney.
Natural Theology.....Chadbourne.
French begun,.....Otto.

SECOND TERM.

French, Echo de Paris,.....Worman.
Analytical Geometry.....Loomis.
Constitution of the United States and Wisconsin.....Townsend.

THIRD TERM.

Calculus.
French Reader,.....Knapp.
Botany.....Wood.

Weekly exercises the same as in the Classical Course.

## JUNIOR CLASS.

FIRST TERM.

Ancient History.....Thalheimer.
Physics (Mechanics).....Snell's Olmsted.
German begun.....Worman,

SECOND TERM.

Physics (Hydrostatics to Statical Electricity).....Snell's Olmsted.
Intellectual Philosophy.....Wayland.
German Grammar and Reader,.....Worman.

THIRD TERM.

Physics (Dynamical Electricity, Heat and Optics).....Snell's Olmsted.
Literature.....Schlegel.
German Literature.....Worman.
History—Modern.....Lectures.

Weekly exercises the same as in the Classical Course.

## SENIOR YEAR.

FIRST TERM.

Chemistry.....Barker.
Astronomy
Logic.....Atwater.

SECOND TERM.

Zoology and Comparative Physiology.....Agassiz
Mineralogy.....Dana.
Political Economy.....
Evidences of Christianity.....Hopkins.

THIRD TERM.

Moral Science.....Wayland.
Geology.....Dana.
Elements of Criticisms.....Kames.

Orations before the students each term throughout the year.

Music, and Painting or Drawing, may be substituted for some of the higher mathematicas and other scientific branches after the second term Sophomore.

CIVIL ENGINEERING may be substituted for German in the Junior year, if there be a sufficient number to form a class.

# SUB-COLLEGIATE.

## PREPARATORY.

### FIRST YEAR.

**First Term.**

Elementary Written Arithmetic.....White
Elementary Grammar.....Clark and Quackenbos.
Geography.....Apgar's Map Drawing.
Orthography and Reading.....Hillard.

**Second Term.**

Advanced Grammar,.....Green.
Advanced Arithmetic,.....White.
Geography.....Guyot's Common School.
Orthography and Reading.....Hillard.

**Third Term.**

Latin Grammar,.....Harkness.
Grammar and Arithmetic Reviewed.
Geography.....Guyot's Common School
Orthography and Reading.....Hillard.

### SECOND YEAR.

**First Term.**

Latin Reader.....Harkness.
Elementary Algebra.....Loomis.
United States History.....Barnes.

**Second Term.**

Cæsar.....Hanson.
Analysis.....Green.
Elementary Algebra.....Loomis.

**Third Term.**

Greek Grammar.....Hadley.
Virgil.....Chase or Frieze.
Higher Arithmetic.....White.
University Algebra.....Loomis.

### THIRD YEAR.

**First Term.**

Greek Reader.....Bullion.
Virgil.....Chase or Frieze,
Elementary Rhetoric.....Hart.

**Second Term.**

Greek Reader. or } .....Bullion.
Anabasis, } .....Owen.
Sallust.....Hanson
Natural Philosophy.....Rolf & Gillett.

**Third Term.**

Xenophon's Anabasis.....Owen.
Cicero's Orations.....Hanson.
Elementary Physiology.....Cutter.

The Scientific Preparatory Course is the same as the above, except that the Latin studies of the third year, together with Elementary Rhetoric, are contained in the first year's College Course, and Greek is omitted.

## COMMERCIAL.

### FIRST YEAR.

**First Term.**

Arithmetic.....White
Grammar.....Green.
Geography.....Apgar's Map Drawing.
Penmanship.....
Orthography and Reading.....Hillard.

**Second Term.**

Analysis.....Green.
Geography.....Guyot's Common School
Elementary Algebra.....Loomis.
Book-keeping begun.....Bryant & Stratton.

**Third Term.**

Elementary Algebra.....Loomis
Geography finished.....Guyot's Common School.
Book-keeping.....Bryant & Stratton.

### SECOND YEAR.

**First Term.**

United States History.....Barnes.
Elementary Rhetoric.....Hart.
Higher Arithmetic.....White.
Business Forms

**Second Term.**

Natural Philosophy.....Rolf & Gillett
Commercial Arithmetic.....Bryant & Stratton.
Constitution of the United States and Wisconsin.....Townsend.

**Third Term.**

Elementary Physiology.....Cutter.
Earth and Man.....Guyot.
Commercial Law

Elements of Criticism.....Kames.
Evidences of Christianity.....Hopkins.
Geometry finished, or } .....Loomis.
German Literature.....} .....Worman.

Weekly exercises through all the Courses in Elocution and Composition.

The above Courses, together with the College Course, are believed to comprise as large and profitable a range of study as can be found at any institution in the West, if not in the country. We wish particularly to call attention to the Commercial Course, which, by reason of its being pursued in a regular institution, and embracing many branches essential to a fair business education, but which are necessarily omitted in the Business Colleges of our large cities, is vastly superior to them, both educationally and economically.

# GENERAL INFORMATION.

## EXAMINATIONS.

At the close of each Term in the studies of the Term.

The Examinations are before a Committee appointed for that purpose, and decide the standing and advancement of the student.

## RELIGIOUS WORSHIP.

Students are required to attend prayers, morning and evening, in the College Chapel; also public worship on the Sabbath, in the morning and evening, at one of the churches in the city. Each student will, at the beginning of the Term, notify the President what particular church he desires to attend, and will be expected to attend that regularly unless specially excused.

## DEGREES.

The Degree of Bachelor of Arts is conferred on all students who complete the Classical Course, and sustain a satisfactory examination therein; that of Bachelor of Science on those who pass an equally satisfactory examination in the studies of the Scientific Course. Degrees of Master of Arts and Master of Science are conferred respectively upon Bachelors of Arts and Bachelors of Science, of three years' standing, who shall have engaged during that period in professional, literary or scientific studies.

The fee in each case, including the diploma, is five dollars, payable in advance.

Diplomas will also be given to those who successfully complete the Commercial and Academical Courses.

## LIBRARY, ETC.

The College Library now contains about six thousand five hundred well selected volumes. From the income of the Appleton Fund of ten thousand dollars, and the liberality of friends, large additions are annually made. Many valuable and standard works are taken from the publishers as they are issued from the press.

There are four Literary Societies connected with the College, having well furnished halls. They are making commendable efforts to increase their libraries, already respectable.

There is likewise a well furnished Reading Room conducted by the students, containing the latest periodicals, magazines and reviews, to which all may have access by the payment of a small sum.

A Missionary Society and a Christian Association, connected with the University, are sustained by the students.

The LAWRENCE COLLEGIAN, a monthly periodical, edited and published by the students, is well sustained and has a considerable circulation.

## APPARATUS AND CABINET.

Ample facilities are possessed for imparting instruction in the Physical Sciences. There is a valuable chemical aud philosophical apparatus, embracing in its range Chemistry, Astronomy, Mechanics, Hydrostatics, Optics, Electricity, Magnetism, etc., etc.

The Cabinet contains a valuable collection of minerals, and other specimens, to illustrate the Geology, Natural History, and Botany of the Northwest. The Herbarium contains above 1500 specimens from the Eastern, Western, and Southern States, aud has been arranged with great care in accordance with Gray's Manual of Botany, which it serves to illustrate.

## GOVERNMENT.

The government is designed, as far as practicable, to be parental; but is administered with firmness and impartiality. No student guilty of profanity, irreverence or improper lan-

guage, disorder in study hours, disregard for the Sabbath, or disrespect for religious observances, can be permitted to remain a member of the University. Dismission or expulsion will be resorted to when other means of correction have failed.

While impertinent informers will not be encouraged, it is expected that when young persons are exposing themselves to permanent harm, high-minded students will be governed by the dictates of conscience and common sense, rather than by any false notions of honor, in regard to the disclosure of facts. In cases of damage to persons or property, or of gross immorality, the same principles will be observed respecting the requiring of testimony, as prevail elsewhere in civil society.

## EXPENSES.

The following items embrace all the necessary expenses of a student in the ordinary branches, except books.

### COLLEGIATE DEPARTMENT.

| | | |
|---|---|---|
| Tuition, per term | | $7 00 |
| Incidentals, for lighting and heating Public Rooms and Hall, Sweeping, Library, &c. | | 5 50 |
| Room Rent in College Building | $4 50 to | 7 00 |
| Heating by Steam | 3 00 to | 6 00 |
| Board, $2.00 to 2.75 per week–Term of 12 weeks | 24 00 to | 33 00 |
| Washing and Lights | 3 00 to | 7 00 |
| Total | $47 00 | $65 50 |

### PREPARATORY DEPARTMENT.

| | | |
|---|---|---|
| Tuition, per term | | $5 00 |
| Incidentals | | 3 50 |
| Room Rent in College Building | $4 50 to | 7 00 |
| Heating by Steam | 3 00 to | 6 00 |
| Board, $2.00 to 2.75 per week–Term of 12 weeks | 24 00 to | 33 00 |
| Washing and Lights | 3 00 to | 7 00 |
| Total | $43 00 to | 61 50 |

### COMMERCIAL SCHOOL.

| | |
|---|---|
| Tuition—Book-Keeping and Writing, extra, | $10 00 |
| " —Writing alone, | 5 00 |
| " Book-Keeping, Writing, and other English Studies of the Commercial Course, | 14 00 |
| Incidental Expenses, | 3 50 |

Board, Room-rent, etc., same as above.

OTHER EXTRA STUDIES.

| | |
|---|---|
| Each Modern Language Out of the Regular College Course | $3 00 |
| Instrumental Music | 12 00 |
| Use of Instrument, one hour a day | 2 00 |
| " " two hours " | 4 00 |
| Vocal Music—private lessons | 12 00 |
| Oil Painting | 15 00 |
| Monochromatic and Polychromatic each | 6 00 |
| Water Colors | 8 00 |
| Drawing | 3 00 |
| Civil Engineering | 10 00 |

## BOARDING AND ROOMING.

There are accommodations for about fifty gentlemen students in the College building, and those from out of town are required to room in the building unless the rooms are occupied. Each such student will furnish his own bedstead, bedding, table, chair, and such other articles as each may deem necessary. Where two room together, the expense of such articles as cannot be brought from home is trifling.

Board with everything found can be obtained in families at from $4.00 to $4.50 per week. Many of the gentlemen who room in the College or hire rooms elsewhere get table board in clubs at about $2.00 per week.

The Institution Boarding House has been discontinued, but ladies can readily secure rooms in private houses. Some board themselves and materially diminish the expense.

Ladies and gentlemen are not permitted to room in the same house.

## SCHOLARSHIPS.

A scholarship on which all the installments have been paid entitles the holder to the item of tuition free in the Collegiate and Preparatory departments only. *Incidental expenses* are not covered by it.

It is important for owners and borrowers of scholarships to know that these cover no expenses in the department of Painting and Drawing or Music, nor in any of the departments or courses of study established since their issue, as the Commercial School, the course of Civil Engineering, &c.

Students using scholarships are required to bring an order from the owner unless belonging to the family in which such scholarship is owned; and the deed should be presented so that it may be verified by the record.

N. B. A scholarship lent by any person to whom it has not been legally transferred is of no avail.

Scholarships entitling the holder to tuition for two years in all the branches of the Commercial Course (see page 28) can be bought for $50.00 each. Scholarships entitling the holder to one year's tuition in Book-Keeping and Penmanship will be sold for $25.00 each. These will not include the Incidentals.

## PAYMENTS

For each term must be made in advance.

No bills will be made out for less than half a term. If a student leaves on account of sickness or other necessity before the middle of a term one half his term bill, except the incidentals of College students, will be refunded.

Students' bills will be fifty cents more when they enter after the first day and a half of the term.

For damages done in any of the students' rooms the occupants will be responsible. Damages done to other premises are liable to be assessed on the students unless the perpetrator can be ascertained.

## TO PARENTS AND GUARDIANS.

It is earnestly advised that all moneys for the use of those who are young and inexperienced in taking care of their own funds, be deposited with some officer of the University, and that no expenditure be allowed except by his direction. Parents understanding the importance of this advice will not neglect it.

## LOCATION.

Appleton is situated on Fox River, near the "Grand Chute," or *Great Falls*, and is one of the most beautiful towns in the Northwest. It is on the Chicago and Northwestern Railway, 214 miles from Chicago, and 110 from Milwau-

kee. The scenery is attractive, the climate unusually healthy, and the community orderly, intelligent, and moral. These circumstances render it a most eligible locality for an institution of high grade.

## PRIZES.

Eight Annual Prizes have been established in this Institution.

I. The Lewis Prize, founded in 1865, by Govenor J. T. Lewis, and bestowed upon the student making the "best intellectual and moral improvement during the year." This is open for competition to both ladies and gentlemen in all departments of the Institution.

II. The President's Prize, for excellence in Declamation, Reading or Recitation.

III. The University Prize, for excellence in English Composition.

The last two are confined to the members of the Junior and Sophomore Classes; but ladies as well as gentlemen are permitted to compete.

Sometimes each of the above is divided into a first and a second prize.

IV. A prize for excellence in Natural Science, open to competition to members of the Senior Class.

V. A similar prize open for competition to the members of the Junior Class. These two prizes are presented by Prof. Foye.

VI. A Sophomore Prize for excellence in Mathematics.

VII. A Freshman Prize for excellence in Mathematics. These prizes are presented by Prof. Yocum.

## ENLARGEMENT OF FACILITIES.

With the beginning of the present year some new Departments of study have been added or old ones rearranged and expanded.

## THE COMMERCIAL SCHOOL

Now under the charge of Prof. DeLand, is intended to give the most thorough and complete instruction in all the branch-

es and details of Penmanship, Book-Keeping by Double and Single Entry, Business Forms, Partnership Settlements, etc. These studies, in connection with the English branches requisite to a good business education, such as can be acquired nowhere else so well as in an institution of high grade, are arranged in a Commercial Course, the superiority of which is beyond question.

## CIVIL ENGINEERING.

A course has been marked out in this department and though not yet fully defined, it is intended to make it a permanent arrangement in the institution. A large class has already been formed and will continue through the year. It will form a division of the scientific course; its peculiar studies will be elective against certain of those of the latter course, and students completing it will receive the same diplomas as others. University students who are qualified will also be admitted.

## THE DEPARTMENT OF MODERN HISTORY AND LANGUAGES.

Prof. Worman the distinguished scholar and author will have the direction of this department. He will be present at the Spring Term of each year and will lecture on History and Literature, and give instruction to the classes completing their course in the Modern Languages. The superior advantages afforded by this addition to our facilities will commend themselves to all.

## MERIT AND DEMERIT.

A record of daily recitations, and weekly and other exercises will be kept. Each student will be credited in every exercise from 1 to 10. Every unexcused failure to prepare for a daily recitation will, in making up the average, count *one* in the divisor and nothing in the dividend. Every unexcused failure to prepare a weekly exercise will count *two* in the divisor and nothing in the dividend. Every unexcused absence from a weekly exercise will count *four* in the divisor

and nothing in the dividend. Every unexcused failure to prepare a chapel piece adds *six* to the divisor and nothing to the dividend.

The students are ranked in *Three Grades*, according to their standing. Those are in the *First Grade* whose average is from 8½ to 10. Those are in the *Second Grade* whose average is from 7½ to 8½. The *Third Grade* comprises those averaging from 6 to 7½. Students who do not come to grade are not admitted to examination.

The Roll of Honor contains the names of all the students who have received no demerits during the term. All first grade students, also all whose names are upon this Roll, are published in the city papers at the close of the term.

## DEMERIT.

For absence from any weekly exercise, *four* demerit marks will be charged. For absence from recitation, church or prayers, *three* marks will be charged. For absence from room, disorder in room, or in the halls during study hours, *two* marks each will be charged. For tardiness at any exercise or disorderly conduct in recitation, *one* mark each will be charged. For impropriety in chapel or church, and for other acts of indecorum or breaches of discipline, a number of marks, varying from one to five, will be charged, according to the nature and extent of the offense. When the marks of any student amount to *twenty*, he shall receive a private reproof, and notice shall be given to his parents or guardian. When they amount to *forty* he shall receive a public reproof, and the same notice shall be repeated. When they amount to *sixty*, he shall be excluded from the Institution. Each private reproof shall add *five*, and each public reproof *ten*, to the demerit list.

The amount of demerit marks against each name, when more than *four*, will be read at the close of each term.

It is to be distinctly understood that this system does not preclude summary dealing with any offense, which in the judgement of the faculty may require it.

## List of Students

*To whom Honorary Appointments and Prizes have been awarded during the Year.*

COMMENCEMENT—

*Valedictory*—John R. Gamble.
*Salutatory*—John W. Anderson.
*Philosophical Oration*—John Bottensek.
*First class Orations and Essays*—Henry D. Hardacker, Orrin T. Williams, Mary Cross, and Clara A. Phinney.

JUNIOR EXHIBITION—

*Salutatory*—Harvey A. Shipman.
*Philosophical Oration*—George L. Williams,
*Scientific Essay*—Sophia E. Davis.
*First-class Orations and Essays*—Emma C. Pease, Alice C. Barteau, John M. Weeks, Beulah A. Johnson.

LEWIS PRIZE—

1st Prize to Olin A. Curtis, Class of '75.
2d Prize to Alexander B. Whitman, Class of '75.

PRESIDENT'S PRIZE—

1st Prize to Emma C. Pease, Class of '73.
2d Prize to John W. Hume, Class of '73.

UNIVERSITY PRIZE—

1st Prize to Beulah A. Johnson, Class of '73.
2d Prize to Cromwell Galpin, Class of '73.

FALLOWS PRIZE—

1st Prize to Olin A. Curtis.
2d Prize to Alexander B. Whitman.

SCIENTIFIC PRIZES—

Senior Prize to Clara A. Phinney.
Junior Prize to Harvey A. Shipman.

MATHEMATICAL PRIZES—

Sophomore Prize to Alexander B. Whitman.
Freshman Prize, not awarded.

Prizes were also awarded to Elma L. Lowd, University Student, for excellence in Botany, and to Mary J. Balch, University Student, for excellence in German.
